

IMPORTANT REQUEST FOR PERMISSION TO USE PHOTOGRAPHS

Dear Parents & Carers of children at Walton le Dale,

This summer term, we will be updating our current school prospectus which is available on our website to be ready for September 2018. The prospectus is an essential part of the school information we provide for our prospective parents and pupils. We work very hard to ensure that it presents a detailed and true reflection of what our school offers. It's also vital that it demonstrates what fantastic pupils we have here, and a key part of illustrating that to prospective parents will be in the images we use.

We regularly take pictures in school of various events and the learning that occurs in lessons which are now shared with you online through Class Dojo and we would like to use some of the best of these in the prospectus and on our school website.

Before we use them, we need to seek your permission. Please sign and date the return the reply slip below to indicate if you agree or do not agree. This is a separate permission to last month's GDPR related authorisation (details on wldps.com > leadership > privacy).

Please note: Images used for our school prospectus and website may also be used for displays around school and other promotional material as well as advertisements in local media.

Many thanks for your co-operation and support.

Yours sincerely

Christopher Shields
Headteacher

PLEASE RETURN TO THE SCHOOL BY SEPTEMBER

I do/do not* authorise Walton le Dale Primary School to use any photographs containing images of my child, in school prospectus and website, as well as publicity and promotional material for the school, including the local media.
